Could you describe what is in your project? Can you pin point which layer is causing the problem?

### #2 - 2010-03-16 01:15 PM - fbeyerbach -

i only use wms services in my project.

i think that wms services himself causes the problem.

i often have crashes with qgis when i use wms services.

(not only when i'm saving)

it is a little bit frustrating.

### #3 - 2010-03-16 01:21 PM - Giovanni Manghi

are the wms servers public? can you post the urls?

### #4 - 2010-03-16 01:31 PM - fbeyerbach -

Hi,

adding random layers do not cause any crash here.

It would be better if you can create a project with the layers are giving you problems, and attach the project file here, so we can test locally.

Cheers
