Description

The symbology style buttons are shown when using the other panels of the layer properties, see the following screenshot which shows the attribute panel with the 'Restore Default Style' button.

History

#1 - 2010-05-23 11:36 AM - Jürgen Fischer

- Resolution set to invalid

- Status changed from Open to Closed

the style covers most settings (eg. labels, edit widget types...) and not just the symbology.
