Status:	Closed	
Priority:	Low	
Assignee:		
Category:	GRASS	
Affected QGIS version:	master	Regression?: No
Operating System:	All	Easy fix?: No
Pull Request or Patch supplied:	No	Resolution:
Crashes QGIS or corrupts data:	No	Copied to github as #: 12916
Description		
<p>If you open the GRASS tools and choose the module list tab, there's a text input field below the list which filters the list of modules. However there's no clue that it's a filter box! We had some students confused by this on a course recently.</p> <p>Needs a Filter: label on that line. Relevant UI file is qgsgrasstoolsbase.ui I guess.</p>
