| **Affected QGIS version:** | | **Regression?:** | No |
| **Operating System:** | Windows | **Easy fix?:** | No |
| **Pull Request or Patch supplied:** | | **Resolution:** | invalid |
| **Crashes QGIS or corrupts data:** | | **Copied to github as #:** | 13130 |

**Description**

Using shapefile.

Open attribute tableand setting to edit on.

The button erase table is still disabled.

Is not possible to erase effectively a column.

**History**

**#1 - 2010-09-30 02:45 PM - Giovanni Manghi**

*- Resolution set to invalid*

*- Status changed from Open to Closed*

Not a QGIS problem, OGR does no allow to delete columns in shapes. There is a patch submitted in the ogr trac since a long ago, but it wasn't yet committed.

Workaround: use the table manager plugin
