| <b>Description</b>  |               |                                     |
| <p>In ABC labeling tools maximum value of scale-base visibility is 10M. But sometimes it may to be insufficiently. Is it possible to make this value unlimited?</p> |               |                                     |

#### History

##### #1 - 2011-12-16 01:54 PM - Giovanni Manghi

- Target version changed from Version 1.7.0 to Version 1.7.4

##### #2 - 2012-01-31 03:29 AM - Martin Dobias

- Crashes QGIS or corrupts data set to No  
- Affected QGIS version set to master  
- Pull Request or Patch supplied set to No

Range increased to 999M in commit:80ae87b (unlimited values are not supported by spin boxes anyway)

##### #3 - 2012-01-31 03:29 AM - Martin Dobias

- Resolution set to fixed  
- Status changed from Open to Closed
