

## QGIS Application - Bug report #3192

### (OS X Leopard) Print composer - font type change not working

2010-11-07 12:50 PM - zealmeida -

<b>Status:</b>	Closed	
<b>Priority:</b>	Low	
<b>Assignee:</b>	Marco Hugentobler	
<b>Category:</b>		
<b>Affected QGIS version:</b>		<b>Regression?:</b> No
<b>Operating System:</b> OS X		<b>Easy fix?:</b> No
<b>Pull Request or Patch supplied:</b>		<b>Resolution:</b> duplicate
<b>Crashes QGIS or corrupts data:</b>		<b>Copied to github as #:</b> 13252
<b>Description</b>		
<p>I'm not able to make changes in print composer to font type in legends and labels. It seams to be working fine with scale bar and I can change font color only in labels (but not size or type as in legends).A screencast in attachment may explain better the problem.</p> <p>Is there a way to solve this?</p> <p>The package used to install qgis was</p> <p><a href="http://www.kyngchaos.com/files/software/unixport/Qgis-1.5.0-2-Leopard.dmg">http://www.kyngchaos.com/files/software/unixport/Qgis-1.5.0-2-Leopard.dmg</a></p> <p>with all the necessary frameworks.</p> <p>Thanks!</p>		

#### History

##### #1 - 2010-11-07 04:01 PM - William Kyngesburye

- Resolution set to duplicate
- Status changed from Open to Closed

see #1752 - if not exactly the same, at least an extension of the same problem.
