

QGIS Application - Bug report #3247

Map Composer scale bar does not update after changing project CRS

2010-11-23 06:49 AM - Tim Sutton

Status:	Closed	
Priority:	Low	
Assignee:	Marco Hugentobler	
Category:		
Affected QGIS version:		Regression?: No
Operating System: Linux		Easy fix?: No
Pull Request or Patch supplied:		Resolution: wontfix
Crashes QGIS or corrupts data:		Copied to github as #: 13307
Description		
<p>If I am composing a map and I have a scale bar added on the layout, then change the CRS of the QGIS project, the scale bar does not update to reflect the changed units.</p>		

History

Not sure exactly what you mean. The composer scalebar is always related to a composer map (not directly to the QGIS project) and relates to the composer map units. So intended behaviour is that the scale bar updates as soon as the extent of the related composer map changes.
