

QGIS Application - Feature request #3256

add batch mode in ftools "export to new projection" (for shapefiles)

2010-11-25 08:05 AM - Giovanni Manghi

Status:	Closed	
Priority:	Low	
Assignee:	cfarmer -	
Category:	Processing/QGIS	
Pull Request or Patch supplied:		Resolution: invalid
Easy fix?:		Copied to github as #: 13316
Description		
It would be useful to have a batch mode (like in a few gdaltools utilities, like warp) to export a bunch of shapefiles to a new projection.

- Resolution set to invalid
- Status changed from Open to Closed

The export to projection tool has been removed from fTool/QGIS in favor of the built-in save as... functionality. I am closing this ticket as 'invalid', as it is no longer an option. This functionality would likely make for an excellent 3rd party plugin however. See : http://www.qgis.org/wiki/Vector_Support_Wishes

Regards, Carson

The "ftools" category is being removed from the tracker, changing the category of this ticket to "Processing/QGIS" to not leave the category orphaned.
