QGIS Application - Feature request #3271
Implement option "Chain select" (without holding Ctrl down)

2010-11-30 06:51 AM - Anita Graser

Status:	Closed			
Priority:	Low

Pull Request or Patch supplied:	No		**Resolution:**	wontfix
Easy fix?:	No		**Copied to github as #:**	13331

Description

The aim of this enhancement request is to make it easier to manually select many objects in a row. Currently, you have to keep Ctrl down or you'll lose the selection and can't get it back ... very frustrating.

I think it would be best to add an option to enable "chain select", maybe under "Map Tools".
