

QGIS Application - Feature request #3277

Master Transparency for vector layer

2010-11-30 11:22 PM - Alex Mandel

Status:	Closed	
Priority:	Low	
Assignee:	nobody -	
Category:	Symbology	
Pull Request or Patch supplied:		Resolution: duplicate
Easy fix?:	No	Copied to github as #: 13337
Description		
<p>When using something other than single symbol for vector display it would be great to be able to apply transparency to the whole layer. Applying transparency to 10 classes is very tedious considering the number of clicks required.</p>
