Pull Request or Patch supplied:		Resolution: fixed
Easy fix?:	No	Copied to github as #: 13339
Description		
<p>The patch provides the possibility to mark only the first or the last vertex of line in the NG-Symbology. (It may render the line decoration obsolete).</p> <p>It also fixes a small glitch, in the "mark every vertex" option: Markers with a given angle didn't remember this angle on the line, only the rotation from the line was used.</p>
