

QGIS Application - Bug report #3325

Crash when using graduated renderer in Jenks mode with classes >= amount of data

2010-12-12 09:33 PM - Alister Hood

Status:	Closed	
Priority:	Low	
Assignee:	cfarmer -	
Category:	Symbology	
Affected QGIS version:		Regression?: No
Operating System:	Windows	Easy fix?: No
Pull Request or Patch supplied:		Resolution: fixed
Crashes QGIS or corrupts data:		Copied to github as #: 13385
Description		
Load a layer of point features. Change the style to use the graduated renderer in "Jenks" mode. The "classify" button will crash QGIS if the number of classes is greater than or equal to the number of points in the layer.

Well why would you want to go and do a thing like that? ;)

Fixed in commit:c4413b62 (SVN r14901).
