

QGIS Application - Bug report #3346

Bug: composer legend - symbols and labels are not vertically aligned

2010-12-16 02:51 PM - Alister Hood

Status:	Closed	
Priority:	Low	
Assignee:		
Category:		
Affected QGIS version:	master	Regression?: No
Operating System:	Windows	Easy fix?: No
Pull Request or Patch supplied:	No	Resolution: fixed
Crashes QGIS or corrupts data:	No	Copied to github as #: 13406
Description		
<p>In a composer legend the symbols and the labels should be vertically aligned, so that their centres are at the same level.</p> <p>Currently they are not necessarily aligned . e.g. in the attached screenshot the labels are slightly lower than the symbols.</p> <p>I have seen screenshots where they are aligned, so I'm guessing it depends on the spacing (or perhaps font) settings.</p> <p>I suspect this is really a duplicate of #168, but I'm opening a new ticket since that one is so old (sorry if I should have reopened it instead).</p>

This should be fixed in commit a083c5e7332bf975852e

#2 - 2011-06-20 10:57 PM - Alister Hood

Yes, looks like it. Thanks.

#3 - 2011-07-15 10:38 PM - Mathieu Pellerin - nIRV

Marco, I'm not a 100% sure but I think this commit might have caused a visual regression for market symbols in legend, described in issue 4043 (#4043).

#4 - 2011-12-16 01:50 PM - Giovanni Manghi

- Target version changed from Version 1.7.0 to Version 1.7.4

#5 - 2012-04-16 06:24 AM - Paolo Cavallini

- Target version changed from Version 1.7.4 to Version 1.8.0
- Crashes QGIS or corrupts data set to No
- Affected QGIS version set to master

#6 - 2012-04-23 02:40 AM - Giovanni Manghi

- Pull Request or Patch supplied set to No
- Status changed from Resolved to Closed
