Easy fix?:	No	**Copied to github as #:**	13580

Description

Configurator for the number of decimal places in the measure tool is hard to find. A shortcut from the tool's dialog would be nice.

- *Assignee deleted (nobody -)*

- *Status changed from Open to Feedback*

Hello, bug triage...

still valid in QGIS 2.13. The decimal places configuration is in Settings -> Map Tools Tab -> Measure Tool group.

What could be (quite) easy to implement is to add a "Configuration button" in the Measure tool panel to open the tab ?

#5 - 2015-11-20 01:31 AM - Sandro Santilli

Yes a button in the Measure tool panel would do (but not so easy for me to do :)

#6 - 2015-11-27 11:52 AM - Médéric RIBREUX

- *% Done changed from 0 to 100*

- *Estimated time set to 4.00*

- *Status changed from Feedback to Closed*

- *Resolution set to fixed/implemented*

Hello, bug triage...

fixed in commit:055ef76

I am closing this !
