

QGIS Application - Feature request #3570

Delimited text fix for data changes

2011-03-08 11:43 AM - Chris Crook

Status:	Closed	
Priority:	Low	
Assignee:	Tim Sutton	
Category:	C++ Plugins	
Pull Request or Patch supplied:		Resolution: fixed
Easy fix?:	No	Copied to github as #: 13630
Description		
<p>The datasource format in the delimited text provider was changed in revsion 15177 to use the QUrl.toLocalFile() format. This change wasn't also applied in qgshandlebadlayers.cpp, and the qgsmaplayer.cpp relative to absolute file format conversion. This patch applies these fixes.</p> <p>Note that this change to the datasource could affect any plugins which create delimited text data sources.</p> <p>It will also break projects with delimited text layers moving from version 1.6 to 1.7 - users need to be aware of this!</p>		

History

- #1 - 2011-03-10 12:24 PM - Jürgen Fischer
- Resolution set to fixed
 - Status changed from Open to Closed

applied in #3570. Thanks Chris.
