<b>Easy fix?:</b>	No	<b>Copied to github as #:</b> 13676
<b>Description</b>		
<p>The "save" and "load" buttons have all to do with the management of the connections, which controls are at the top of the dialogs.</p> <p>the same buttons at the bottom of the dialogs make many users mistakenly click on "load" because it seems like "load layer".</p>
