I can't access those linked images. Can you please attach them to this report? A sample project & data which demonstrates the issue would be very useful too.

Sorry, sample data & project unavailable now. New location of files (too large):

http://faunalia.eu/~paolo/bad_print.pdf

http://faunalia.eu/~paolo/bad_print.png

I did not verify yet if this is still true. I would doubt, as many things have changed.
