# QGIS Application - Feature request #378 legend in map composer: only visible categories

2006-11-10 06:58 AM - lami-faunalia-it -

Status: Closed Priority: Low

Assignee: Redmine Admin

Category:

Pull Request or Patch supplied:Resolution:fixedEasy fix?:NoCopied to github as #: 10437

## Description

It would be good if the legend in map composer could show (at user's choice) only the categories actually present on the frame printed. It is sometimes odd to see lots of categories not present in the printout.
