

QGIS Application - Feature request #3784

Switching between measure tools and other tools is annoying (with patch)

2011-04-28 09:42 AM - marisn -

Status:	Closed	
Priority:	Low	
Assignee:	nobody -	
Category:	GUI	
Pull Request or Patch supplied:		Resolution: fixed
Easy fix?:	No	Copied to github as #: 13842
Description		
<p>Select measure tool; Measure a line/area; Right click on canvas to finish measuring; Click on other tool (zoom, pan); Click on measure tool; Left click on canvas -> it continues to measure from previous part instead of starting a new measurement as it happens without changing tools.</p> <p>This patch tries to fix this issue - switching tools after measuring has ended with single right click resets measurement tool.</p>

- Resolution set to fixed
- Status changed from Open to Closed

looks like not resetting the click status on activate is enough. Fixed in commit:326d7a7d (SVN r15849).
