<b>Pull Request or Patch supplied:</b>		<b>Resolution:</b> fixed
<b>Easy fix?:</b>	No	<b>Copied to github as #:</b> 10450
<b>Description</b>		
<p>Hi,</p> <p>it would be fancy to have the possibility to export the GPX file to SHAPE and vice verse. Since gpsbabel is already there which supports this conversion, it should be fairly "easy" to add that.</p> <p>Two illustrate the commands, there my related shell scripts:</p> <p><a href="http://mpa.itc.it/markus/useful/gpx2shp.sh">http://mpa.itc.it/markus/useful/gpx2shp.sh</a> <a href="http://mpa.itc.it/markus/useful/shp2gpx.sh">http://mpa.itc.it/markus/useful/shp2gpx.sh</a></p> <p>Best regards, Markus</p>		

#### History

##### #1 - 2007-08-01 09:43 PM - pcavallini -

- Resolution set to fixed
- Status changed from Open to Closed

This is already possible (left click -> Save as shapefile) on any layer, from version 0.9

##### #2 - 2009-08-22 12:45 AM - Anonymous

Milestone Version 0.9 deleted
