

QGIS Redmine (QGIS bug tracker) - Support #3943

Repository browser out of date

2011-06-05 03:47 AM - Tim Sutton

Status:	Closed	Start date:	2011-06-05
Priority:	Normal	Due date:	
Assignee:	Pirmin Kalberer	% Done:	0%
Category:		Estimated time:	0.00 hour
Target version:		Tag:	
Pull Request or Patch supplied:			
Description			
<p>The redmine repository is behind on the Github repository. This is a known issue - we need to install a GitHub hook to resolve this (there is already a redmine plugin out there for this).</p>			

History

#1 - 2011-06-05 01:37 PM - Pirmin Kalberer

- Assignee changed from Tim Sutton to Pirmin Kalberer

#2 - 2011-06-06 12:17 PM - Tim Sutton

Update on this - the plugin in question is at:

http://mentalized.net/journal/2009/08/03/redmine_plugin_github_hook/

Regards

Tim

#3 - 2011-06-12 12:59 PM - Pirmin Kalberer

- Status changed from Open to In Progress

The mirror repo is now in /var/lib/redmine/repositories/Quantum-GIS/.

The github_hook plugin should update this.

#4 - 2011-06-13 10:09 AM - Pirmin Kalberer

- Status changed from In Progress to Closed
