

QGIS Redmine (QGIS bug tracker) - Support #3955

The list of reporters is not complete

2011-06-06 01:11 AM - Giovanni Manghi

|  |                 |                 |            |
|--|-----------------|-----------------|------------|
| Status:  | Closed          | Start date:     | 2011-06-06 |
| Priority:  | Normal          | Due date:       |            |
| Assignee:  | Pirmin Kalberer | % Done:         | 0%         |
| Category:  |                 | Estimated time: | 0.00 hour  |
| Target version:  |                 | Tag:            |            |
| Pull Request or Patch supplied:  |                 |                 |            |
| Description  |                 |                 |            |
| <a href="https://issues.qgis.org/projects/quantum-gis">https://issues.qgis.org/projects/quantum-gis</a>  |                 |                 |            |
| My nick is missing (in the old trac I'm Lutra, over 200 tickets filed), my name also (Giovanni Manghi). Looking at the list I would say that a lot of other nicks/names are missing. |                 |                 |            |

History

#1 - 2011-06-06 05:05 PM - Pirmin Kalberer

- Assignee changed from Tim Sutton to Pirmin Kalberer
- Status changed from Open to Closed

I've added a group 'QGIS reporters' with all users which have more than 3 bugs reported.

```
project=Project.find_by_identifier("quantum-gis")
project.delete_all_members
#Add groups in Settings/Members
group=Group.find_by_lastname("QGIS Reporters")
authors=project.issues.find(:all, :group => 'author_id', :having => 'COUNT(author_id) > 3', :include => :author).collect(&:author)
group.users << authors
```
