

QGIS Application - Bug report #4075

QGIS Project loading: loading of referenced groups/layers not included in project loading progress bar

2011-07-13 05:01 AM - Andreas Neumann

Status:	Closed	
Priority:	Low	
Assignee:		
Category:	Project Loading/Saving	
Affected QGIS version:	master	Regression?: No
Operating System:	all	Easy fix?: No
Pull Request or Patch supplied:	No	Resolution: end of life
Crashes QGIS or corrupts data:	No	Copied to github as #: 14058
Description		
<p>If a project is loading that references groups/layers of a different .qgs project, the progress bar of the loading project does not include the referenced layers/groups. It seems like QGIS just "hangs" for a while, during the loading of the referenced layers.</p>
