

QGIS Application - Bug report #4257

Add threaded loading to QBrowser

2011-09-03 06:53 PM - Nathan Woodrow

Status:	Closed	
Priority:	Normal	
Assignee:		
Category:	Data Provider	
Affected QGIS version:	master	Regression?: No
Operating System:		Easy fix?: No
Pull Request or Patch supplied:	No	Resolution: fixed/implemented
Crashes QGIS or corrupts data:	No	Copied to github as #: 14201
Description		
<p>At the moment loading a folder with a large amount of files locks up the QGIS UI. This doesn't feel good from a user experience point of view, with no progress bar or indication of how long it will take the user is left wondering what is going on.</p> <p>Suggestion: Load files into the QBrowser using a separate thread in order to keep the UI responsive. Also having a progress bar at the bottom of the dock with loading status would be a good idea IMO.</p>		

History

#1 - 2011-12-09 08:48 AM - Paolo Cavallini

- Category set to Data Provider

#2 - 2011-12-16 02:11 PM - Giovanni Manghi

- Target version set to Version 1.7.4

#3 - 2012-04-16 06:29 AM - Paolo Cavallini

- Crashes QGIS or corrupts data set to No

- Affected QGIS version set to master

- Target version changed from Version 1.7.4 to Version 1.8.0

#4 - 2012-09-04 11:58 AM - Paolo Cavallini

- Target version changed from Version 1.8.0 to Version 2.0.0

#5 - 2014-02-27 11:39 PM - Martin Dobias

- Assignee deleted (Martin Dobias)

#6 - 2014-06-28 07:40 AM - Jürgen Fischer

- Target version changed from Version 2.0.0 to Future Release - Lower Priority

#7 - 2015-01-21 02:27 AM - Radim Blazek

- Resolution set to fixed/implemented

- Status changed from Open to Closed

The browser loading in threads is implemented in master and will be released in 2.8.
