QGIS Application - Bug report #4331 Classification dialog issues

2011-09-28 03:25 AM - Jonathan Moules

Status: Closed Priority: Low

Assignee: Category:

Affected QGIS version:

Operating System:

Pull Request or Patch shapplied:

Crashes QGIS or corrupts data:

Regression?:

No

Resolution:

fixed

Copied to github as #: 14268

Description

I was trying to use "Unique Value" to classify for symbology/style. I first classified by a column called "DESC_GROUP" and then changed it to "DESC_TERM". This brought up the attached dialog box.

The bug is that it's asked me a "yes, no" question but giving me "ok, cancel" as the options.
