<b>Description</b>		
<p>Hi,</p> <p>This is my first issue, so please patient if I can't deliver all necessary information or this is already included in other issues.</p> <p>There is some missing EPSG projection of Finland. EPSG codes 3127-3138 has been replaced with EPSG codes 3874-3883.</p> <p>It seems that main change is changes in conversion parameters.</p> <p>However, I'm not expert on coordinate conversions, but I have now problems to use WFS services using new EPSG-codes.</p> <p>Rgs,</p> <p>Pekka</p>
