<b>Description</b>  (Bug fixed in 8a98069194136c7fd5459971e89935fc2317b9c6)  Also, it might be good to simplify the ui by removing the "show only visible features" checkbox, changing the label below it from "composer map" to "Show features", adding a default entry "all features", and labelling the other entries as e.g. "visible in Map 0", instead of "Map 0".
