### Description

If you have just one layer the dropdown shows nothing.

If you have more than one, then you have to choose another layer as input, then select back the one you need to see the dropdown populated.

It would be also better to see only the columns of "integer" type.

### Associated revisions

**Revision c94269cc - 2012-05-22 03:29 PM - Alexander Bruy**

make "use value from field" available in Random Points tools, also show
only integer fields (fix #4570)
