Crashes QGIS or corrupts data:	No	**Copied to github as #:**	14551

Description

Hi, I use Qgis 1.7.2. I added some symbols on my map using the new symbols of qgis, but while in the workpace are displayed correctly in print composer are displayed wrong, as shown in the attached image.

The problem persist also in Qgis 1.7.3

History

#1 - 2011-12-16 02:09 PM - Giovanni Manghi

- Target version set to Version 1.7.4

#2 - 2011-12-24 07:45 AM - Giovanni Manghi

- Affected QGIS version set to master

- Crashes QGIS or corrupts data set to No

- Status changed from Open to Feedback

- Subject changed from wrong display of symbols in print composer to Wrong display of symbols in print composer

Duplicate of #4486? Please check and leave feedback.

#3 - 2012-04-16 05:35 AM - Giovanni Manghi

- Priority changed from High to Normal

should not be the same issue, but anyway can you please test with 1.7.4 and a clean installation?

#4 - 2012-04-16 06:32 AM - Paolo Cavallini

- Target version changed from Version 1.7.4 to Version 1.8.0

#5 - 2012-07-11 11:43 PM - Marco Hugentobler

- Status changed from Feedback to Closed

Closing this ticket because no feedback for 3 months. Please reopen if the issue is still there with 1.8.
