

QGIS Application - Feature request #4830

OSM plugin - add node-tags in attribute tab

2012-01-17 04:52 AM - Michael Becker

Status:	Closed	Resolution: Copied to github as #: 14671
Priority:	Normal	
Assignee:		
Category:	Python plugins	
Pull Request or Patch supplied:		
Easy fix?:	No	
Description		
<p>Here #3423 you can find how to get unique tag columns for tags you are interested.</p> <p>I'd like to get, beside "timestamp" and "user" of the node-tag, in unique columns the remaining node-tags "id", "version", "uid", "changeset", "lat" and "lon" in attribute tab.</p> <p>Is it possible today, already, to edit an "osm*****.py" to get this information in attribute tab?</p>		

History

#1 - 2012-04-15 10:09 AM - Giovanni Manghi

- Target version changed from Version 1.7.4 to Version 2.0.0

#2 - 2012-10-06 02:16 AM - Pirmin Kalberer

- Target version changed from Version 2.0.0 to Future Release - Nice to have

#3 - 2016-03-25 07:09 AM - Alexander Bruy

- Status changed from Open to Closed

This ticket for old OSM plugin, which is not available in QGIS anymore.
