Revision d7811a11 - 2012-02-11 07:14 PM - Giuseppe Sucameli

allow to choose input directory in GdalTools Merge tool (fix #4930)

History

#1 - 2012-02-01 07:58 AM - Filipe Dias

I thing it would be preferable to add the option of selecting rasters that are currently loaded into the project. I have no idea if this is possible or not, but ArcGIS works this way and it saves a lot of time to a lot of people.

Do you mean "all the loaded rasters"? This could be a good idea.

Instead of selecting all the loaded rasters I think could be better to use just the enabled ones (checked in legend).

I cannot reopen this ticket due to a bug in the trac system (I don't know who can), please can you open a new ticket?
