

QGIS Application - Feature request #5216

Modify default options in QGIS

2012-03-21 09:25 AM - Simon Georget

Status:	Open	Resolution: Copied to github as #: 14952
Priority:	Normal	
Assignee:		
Category:	Unknown	
Pull Request or Patch supplied:	No	
Easy fix?:	No	
Description		
<p>It would be nice if we could change default QGIS options.</p> <p>For example, the default font used by QGIS composer on my system is ubuntu. I'd like to change that.</p> <p>Another point, I'd like when creating an object, to have no border!</p> <p>A user option file (like in scite editor for example), would be worth value.</p> <p>Here is the basic idea. It should, fore sure, be adapted since I do not know how QGIS configuration options are stored, now.</p> <pre>composer.default_font = 'Arial'; composer.default_object.border.width = 0;</pre> <p>That come from gis.stackexchange : http://gis.stackexchange.com/questions/21845/modify-default-options-in-qgis</p>		

History

#1 - 2012-04-15 10:21 AM - Giovanni Manghi

- Target version set to Version 2.0.0

#2 - 2012-10-06 02:18 AM - Pirmin Kalberer

- Target version changed from Version 2.0.0 to Future Release - Nice to have

#3 - 2014-05-17 11:33 PM - Nyal Dawson

Default composer font is configurable in QGIS 2.2 - partly implements this request.

#4 - 2017-05-01 12:50 AM - Giovanni Manghi

- Easy fix? set to No

#5 - 2017-09-22 10:07 AM - Jürgen Fischer
