

QGIS Application - Feature request #5249

No default Point geometry when creating a new Vector layer

2012-03-28 08:13 AM - Richard Duivenvoorde

Status:	Open	Resolution: Copied to github as #: 14983
Priority:	Normal	
Assignee:		
Category:	GUI	
Pull Request or Patch supplied:		
Easy fix?:	No	
Description		
<p>Several times I have created a new Point layer (after setting 10 attributes) while what I wanted was to create a Polygon layer.</p> <p>It would be nice if the create Vector layer dialog NOT choose a default geometry type Point for me, but would just complain when I try to create it without choosing one of the options.</p> <p>ps this is an example of a PaperCut issue see https://issues.qgis.org/projects/quantum-gis/wiki/OneHundredPaperCuts</p>		

History

#1 - 2012-04-15 10:22 AM - Giovanni Manghi

- Target version set to Version 2.0.0

#2 - 2012-10-06 02:19 AM - Pirmin Kalberer

- Target version changed from Version 2.0.0 to Future Release - Nice to have

#3 - 2017-05-01 12:50 AM - Giovanni Manghi

- Easy fix? set to No
