Replying to [geognu@infinito.it](mailto:geognu@infinito.it):

| In map layout, when a legend is inserted, it has strange size and unreadable fonts (Ubuntu Edgy Eft)

I'm under windows, but the legend looking depends on the police you choose, did you try an other one or a larger width because its qgis that calculate the width depending on the police

#2 - 2007-01-17 12:48 AM - Gavin Macaulay -

- Resolution set to duplicate
- Status changed from Open to Closed

This is the same problem as discussed in ticket #454

#3 - 2009-08-22 12:46 AM - Anonymous

Milestone Version 0.8 deleted
