

QGIS Application - Feature request #532  
selected features disappear after any change

2007-01-12 07:54 AM - maiellaro-itc-cnr-it -

<b>Status:</b>	Closed	
<b>Priority:</b>	Low	
<b>Assignee:</b>	nobody -	
<b>Category:</b>		
<b>Pull Request or Patch supplied:</b>		<b>Resolution:</b> fixed
<b>Easy fix?:</b>	No	<b>Copied to github as #:</b> 10591
<b>Description</b>		
<p>The features selected in response to any query (open table; search; show only matching) are visualized in yellow.</p> <p>After any change (pan - zoom, swith on/off layer and so on), the selected features disappear.</p> <p>It would be better to hold the selection until a voluntary deselection action</p> <p>A function to clear the selection should be useful.</p>
