

QGIS Application - Feature request #5494

Better search matching for CRS selection dialog

2012-04-25 10:57 AM - Pierre-Luc Auclair

Status:	Closed	Resolution: Copied to github as #: 15109
Priority:	Normal	
Assignee:		
Category:	GUI	
Pull Request or Patch supplied:	Yes	
Easy fix?:	No	
Description		
It would be very useful to change the way the CRS selection dialog works. Currently, searching "nad mtm" gives no results. It would be useful if this query would match, for example "NAD83 / MTM zone 8".
