Description

When working with large projects, it would be very handy an option to allow order alphabetically the layers in a group.

I agree, it would be very useful. And as far as I remember no other GIS software has this.

#2 - 2012-10-06 02:25 AM - Pirmin Kalberer

- Target version changed from Version 2.0.0 to Future Release - Nice to have

#3 - 2014-06-20 09:51 AM - Giovanni Manghi

- Resolution set to wontfix

- Status changed from Open to Closed

As it wasn't included in legend refactoring I don't see having this included anytime soon.
