

QGIS Application - Feature request #5974

Scale-dependent property setting for groups

2012-07-08 05:45 PM - John Tull

Status:	Open	Resolution: Copied to github as #: 15390
Priority:	Normal	
Assignee:		
Category:	Map Legend	
Pull Request or Patch supplied:	No	
Easy fix?:	No	
Description		
It would be useful if scale-dependent settings could be applied to a group in the canvas legend. This would provide a quick means of having a set of layers rendered or not rendered, as a group, based on the map scale.
