Description		
<p>When trying to label a polygon layer I wanted to place the label over the polygon centroids.</p> <p>This should be possible by selecting the ABC Advanced pane and ticking off "over centroid".</p> <p>But it seems ABC is rather poor at calculating the centroids. See more here:</p> <p>[[http://osgeo-org.1560.n6.nabble.com/Incorrect-placement-of-ABC-labels-td4992143.html#a4992346]]</p> <p>Example shp is attached. Try to use ABC labelling wiusing fid as label and ask for "over centroid" placement.</p>
