Fix #6184, canvas doesn't refresh after pasting layer style

History

#1 - 2012-09-04 12:07 PM - Paolo Cavallini

- Target version set to Version 2.0.0

#2 - 2013-02-22 08:39 AM - Regis Haubourg

confirmed on master.

#3 - 2013-02-22 06:18 PM - Larry Shaffer

- Status changed from Open to Closed

Fixed in changeset commit:"cd3cd9433e8988e62720401402c5841db08d7a12".

#4 - 2013-02-24 05:42 PM - Mathieu Pellerin - nIRV

Larry, confirmed fixed. There is however a small issue left unresolved, which is and isn't directly link to this. When clicking on Paste Style, the layer item collapses. Pasting style should respect the expended/collapsed state of the selected layer item.

A similar issue was fixed sometime ago re unwanted collapse when applying style from the layer property window, see issue #6410.

Cheers.
