

QGIS Application - Feature request #6208

SVG fill - SVGZ file

2012-08-16 05:52 AM - Jonathan Moules

Status:	Open	Resolution: Copied to github as #: 15521
Priority:	Normal	
Assignee:		
Category:	Symbology	
Pull Request or Patch supplied:	No	
Easy fix?:	No	
Description		
<p>Currently the SVG fill function can load from .svg files, but doesn't seem to be able to handle SVGZ files (basically just gzipped SCG files).</p> <p>Other aspects of QGIS SVG handling may also benefit from being able to handle SVGZ files.</p>		

History

#1 - 2012-08-16 09:47 AM - Giovanni Manghi

- Pull Request or Patch supplied set to No
- Target version set to Version 2.0.0
