

QGIS Application - Feature request #6249

Print composer grid suitable only for large scale conformal projections

2012-08-24 09:58 PM - marisn -

Status:	Closed	
Priority:	Normal	
Assignee:		
Category:	Map Composer/Printing	
Pull Request or Patch supplied:	No	Resolution: fixed/implemented
Easy fix?:	No	Copied to github as #: 15556
Description Steps to reproduce: <ul style="list-style-type: none">- Add some world data- Set project SRS to Stereographic (i.e. EPSG:3411)- Enable OTFR if necessary- In print composer add grid to map with step i.e. 500km- Observe how grid lines are just about anything except reality Attachment contains print composer output in EPSG:3411. Black lines - drawn by print composer. Red grid - from shapefile generated with GRASS v.mkgrid.		

History

#1 - 2012-08-24 10:21 PM - Marco Hugentobler

This is a feature request rather than a bug. The composer grid is currently always in output map units and distances.

#2 - 2012-08-25 01:26 AM - Giovanni Manghi

- Tracker changed from Bug report to Feature request

#3 - 2012-10-06 02:21 AM - Pirmin Kalberer

- Target version changed from Version 2.0.0 to Future Release - Nice to have

#4 - 2014-04-06 06:04 AM - Jürgen Fischer

- Category changed from 33 to Map Composer/Printing

#5 - 2014-10-27 01:13 PM - Nyal Dawson

- Resolution set to fixed/implemented

- Status changed from Open to Closed

This is fixed in master.
