Pull Request or Patch supplied:	Yes	**Resolution:**	
Easy fix?:	No	**Copied to github as #:**	15593

Description

Nathan, big thanx for your commit:924e7eb9f21d342f6dcdd50219e96f9d6cf2f954. Personal startup scripts can be using now. But no way to setup one common startup script for all users (this can be useful if you need to perform some action for all - check db, restore settings, etc).
I attached the patch to run the script in the root of pythonPath.
Could you please look it?

Associated revisions

Revision 434bbeab - 2016-11-03 11:11 AM - Alexander Bruy

Add global python startup script support in addition to per-user scripts (fix #6297)
