

## QGIS Application - Feature request #6393

### WMS raster has not the transparent pixel list settable

2012-09-22 03:01 PM - aperi2007 -

<b>Status:</b>	Open	<b>Resolution:</b> <b>Copied to github as #:</b> 15649
<b>Priority:</b>	Normal	
<b>Assignee:</b>		
<b>Category:</b>	Rasters	
<b>Pull Request or Patch supplied:</b>	No	
<b>Easy fix?:</b>	No	
<b>Description</b>		
<p>The wms raster (the maps from a wms server are substantially raster) don't allow to set the pixel list. It allow only the global transparence.</p> <p>I guess QGIS should allow the set for a local png raster. Instead it don't allow the same set for a png raster coming from a wms server.</p> <p>If the pixel transparency is a higher level property of raster provider it should be allowed.</p>		

#### History

thx to remenber this.

It is resolve.

I close it.

##### #3 - 2014-06-21 04:19 AM - aperi2007 -

No, I wrong.

It isn't resolve.

The ticket spoke of single pixel transaprency not global transparency.

I should re-opened, but i cannot able to re-opened it.
