

QGIS Application - Feature request #6409

composer from tiled WMS layer - should show the progress with download bytes and tiles

2012-09-25 01:22 PM - aperi2007 -

Status:	Open	Resolution: Copied to github as #: 15662
Priority:	Normal	
Assignee:		
Category:	Unknown	
Pull Request or Patch supplied:	Not supplied	
Easy fix?:	No	
Description		
<p>when plot from a layerwms using the tile method. The actual qgis-dev version don't show anything.</p> <p>So the user must wait without any feedback that it is really downloading anything.</p> <p>If the plot is large format (ie A0) the time wait is many minutes and so a counter of downloaded tiles and of bytes download will a good information that nothing is locked.</p> <p>I remeber an old version of qgis-developer do this.</p>
