<b>Description</b>		
<p>This is the error message:</p> <p>Export to vector file failed. Error: creation of data source failed (OGR error:)</p> <p>So far I have tested in Windows, saving from memory layers or shapefile layers. The shapefile layers can be successfully translated using ogr2ogr in a terminal.</p> <p>I have seen a number of previous reports about this problem, but can't see any tickets about it.</p>
