

QGIS Application - Bug report #6803

Toggle editing is no more available in vector properties -> fields (plus it doesn't untoggle editing anymore)

2012-12-01 05:51 AM - Giovanni Manghi

Status:	Closed	
Priority:	Severe/Regression	
Assignee:		
Category:	Vectors	
Affected QGIS version:	master	Regression?: No
Operating System:		Easy fix?: No
Pull Request or Patch supplied:		Resolution:
Crashes QGIS or corrupts data:		Copied to github as #: 15951
Description		
Master is affected:		
add a shape and you'll see that you can't toggle editing from within the vector properties, just from editing toolbar or table of attributes.		
Moreover if you toggle editing on from toolbar or TA, and then try to untoggle from within the vector properties, it will not work.		
It is definitely a regression since 1.8.
