QGIS Application - Feature request #6816
Display length and azimuth while digitizing polylines and polygons

2012-12-04 03:02 AM - alobo -

Status:	Closed			
Priority:	Normal			
Assignee:				
Category:	Digitising			
Pull Request or Patch supplied:	No	**Resolution:**	wontfix	
Easy fix?:	No	**Copied to github as #:**	15961	

Description

It would be very useful having qgis to display the
length and azimuth of the new segment being digitized.

- Status changed from Open to Feedback

there is a new plugin which does this: CadInput [0]
as of today, it is available as an experimental plugin.
