QGIS Application - Bug report #702
Missing gridmaker

2007-04-04 02:07 PM - Redmine Admin

Status:	Closed			
Priority:	Low			
Assignee:	nobody -			
Category:	Build/Install			
Affected QGIS version:		**Regression?:**	No	
Operating System:	Debian	**Easy fix?:**	No	
Pull Request or Patch supplied:		**Resolution:**	fixed	
Crashes QGIS or corrupts data:		**Copied to github as #:**	10761	

Description

Building misses gridmaker binary. Apparently it is due to the lack of MINGW_FALSE definition. See src/plugins/grid_maker/Makefile.am:

1. For standalone executable
2. don't build on mingw since we haven't figured out the makefile issues
   if MINGW_FALSE <------- ???
   bin_PROGRAMS = gridmaker
   endif
