

QGIS Application - Bug report #7178

qgis master does not load attributes from some file formats

2013-02-18 11:48 PM - Giovanni Manghi

<b>Status:</b>	Closed	
<b>Priority:</b>	Severe/Regression	
<b>Assignee:</b>		
<b>Category:</b>	Vectors	
<b>Affected QGIS version:</b>	master	<b>Regression?:</b> No
<b>Operating System:</b>		<b>Easy fix?:</b> No
<b>Pull Request or Patch supplied:</b>	No	<b>Resolution:</b> fixed
<b>Crashes QGIS or corrupts data:</b>	No	<b>Copied to github as #:</b> 16229
<b>Description</b>		
attached a sample, open in it in 1.8 (waypoints) and you will see the records, open in in master, empty.		
Maybe are also affected other formats (like kml?)?		

History

#1 - 2013-02-19 03:37 PM - Borys Jurgiel

- Subject changed from qgis master does not show records in the table of attributes of gpx vectors to qgis master does not load attributes from some file formats

Confirmed for more formats:

kml, gml, geojson, csv (and maybe more) via the usual Add (ogr) vector layer

gpx - also in GPS plugin

geojson - also in Add vector -> protocol

While CSV via the CSV plugin works ok.

#2 - 2013-03-10 01:15 AM - Patrick Dunford

- File Whakatu.kml added

#3 - 2013-04-29 08:54 AM - vinayan Parameswaran

seem to work for me in version c47fbbe. Probably fixed in between?

#4 - 2013-05-18 06:52 AM - Giovanni Manghi

- Resolution set to fixed

- Status changed from Open to Closed

seems fixed, please reopen if necessary.
